

A romantic engagement photograph of a couple, Basti and Miriam, taken at dusk by Lake Garda. The couple is seated on a stone ledge; the man, with a beard and long hair, is wearing a dark quilted jacket and kissing the woman on the cheek. The woman has long blonde hair and is wearing a white knit sweater. In the background, the calm water of the lake reflects the soft light of the sunset, with several small boats moored nearby. A tall, ornate black lamppost stands to the right of the couple. The sky is filled with soft, dark clouds, and the distant shoreline shows silhouettes of buildings.

Desenzano del Garda is one of the gems of Lake Garda, perfect for a photo shoot. With its enchanting lakefront, historic squares and striking castle, it offers dreamlike settings for capturing special moments. The light reflecting on the water creates unique atmospheres, while the picturesque alleys invite for spontaneous and romantic shots.

Choosing autumn for a photo shoot is a great idea for several reasons:

This season is characterised by an extraordinary colour palette, with golden, red and orange leaves creating a striking and romantic backdrop. Sunlight in autumn is softer and warmer, providing ideal lighting for portraits, making photos brighter and more appealing.

The intimate atmosphere of autumn, with its fresh air and the scent of fallen leaves, contributes to a cosy and nostalgic setting, perfect for capturing authentic moments. In addition, public places tend to be less crowded this season, allowing photos to be taken without distractions. Autumn also offers the opportunity to wear more varied and layered clothing, creating elegant and comfortable looks.
